

# Castle Crafts

The Steadings, Glengorm

Dear Craftsperson,

Many thanks for approaching Castle Crafts with regard to stocking your craftwork. We are unable to accept new works over the counter at the shop, for obvious stock confusion reasons, but welcome your application.

When accepting new works we have to consider the space required and the space available and that items from new craftworkers are not too similar to the goods already displayed, we do need to maintain the variety of goods on offer.

To submit your work please send up to six pictures of your work with a short description of how it is made and an idea of prices (the retail prices, from which 30% commission will be deducted if sold). You can send them by email to [john@antlerdesigns.co.uk](mailto:john@antlerdesigns.co.uk) or send to our office at Baliscate House, Tobermory, PA75 6QA.

We will need to see an example of your work first hand before making a final decision about including it at Castle Crafts. If we are able to stock your work we will send you further details of how to prepare it for sale.

Kind regards,

John Marsh
